INTEGRATED SCIENCE

Time allowed: 2 hours 15 minutes

School: _____

EMIS No.	Personal No.

Candidate's Name: _____

Candidate's Signature: _____

DO NOT OPEN THIS BOOKLET UNTIL YOU ARE TOLD TO DO SO.

READ THE FOLLOWING INSTRUCTIONS CAREFULLY

FOR EXAMINER'S USE ONLY		
QN. No.	MARKS	INITIALS
1 - 10		
11-20		
21-30		
31-40		
41-43		
44-46		
47-49		
50-52		
53-55		
TOTAL		

1. This paper has two sections A and B.
2. Section A, has 40 short questions (40mks)
3. Section B has 15 questions (60marks)
4. Answer all questions.
5. All answers to all questions must be written in the space provided.
6. All answers must be written using blue or black ball pen or *ink*.
7. Unnecessary crossing of work will lead to loss of marks.
8. Any handwriting that cannot easily be read may lead to loss of marks.
9. Do not fill anything in the boxes indicated "FOR EXAMINER'S USE ONLY"

Turn over

SECTION: A

1. Name the main source of energy in the environment.
2. State any one effect that results from wearing dirty clothes.
3. Which body organ helps a P.7 candidate to recall the work taught in Primary Four?
4. Give any one medical importance of bacteria to people.

The diagram below shows a musical instrument. Use it to answer questions 5 and 6.

5. Name the above musical instrument.
6. What is the role of the structure marked E on the above instrument?
7. How is burning similar to germination?
8. Why should a rabbit hutch be raised above the ground?
9. Give any one way of solving inadequate food supply at home.

10. State any one danger of ploughing weeds into the soil as a method of improving soil fertility.

11. Give any one method of preparing food.

12. Mention any one disease of the skeleton that is not caused by germs.

13. How is a cactus plant adapted to surviving in dry areas?

14. Give one reason why a knife is a simple machine.

The diagram below shows a germinating seed. Use it to answer questions 15 and 16.

15. Name the type of change shown in the diagram.

16. Why does part marked Q turn green at the above stage?

17. Give any one factor that lowers the production of milk on a dairy farm.

18. Give one reason why pornography should be discouraged amongst the youth.

19. Name one mineral that is used as an artificial fertilizer.
20. Why should a person who has drunk an acaricide be given a lot of fluids?
21. Give a reason why vulnerable people should be given special care and diet.

Use a list of animals below to answer questions 22 and 23.

Rat, snake, frog

22. Which one of the above animals has a different mode of reproduction?
 23. State one characteristic common to all animals in the above list.
 24. Give one way of separating immiscible liquids.
- The diagram below shows a tool used in a poultry house. Use it to answer questions 25 and 26.
- 

25. Name the above equipment.

26. Of what importance is the structure marked Y when the above equipment is in use?

27. Give any one effect of frequent births to the mother.

28. How do trees benefit crops growing together in the garden?
29. State any one life skill to safeguard against the use of addictive drugs.
30. Name the digestive juice produced without enzymes.
31. Give any one effect of withdrawing heat from matter.
32. Mention one way of managing rainy weather.
33. Give one advantage of growing annual crops over perennial crops.
34. Why should a family house have proper ventilation?
35. In the space provided, draw the structure of a molar tooth.
-
36. Give any one local material used to clean a pit latrine with un cemented floor.
37. State any one harmful effect of fungi to man.

38. Mention one way in which electricity can be saved at home.
39. Give one reason why mothers should go with a child health card whenever they take their babies for immunization.
40. How is foot and mouth disease spread in goat keeping?

SECTION: B

41. (a) Name the type of soil used for;

- (i) cleaning metallic utensils

- (ii) making tiles

(b) Why should the following items be included in compost manure formation?

(i) Water

(ii) Ash

42. (a) State the element of PHC promoted by each of these activities.

(i) Taking contraceptives.

(ii) Breastfeeding the baby

(b) Give any two principles of primary health care.

- (i)

- (ii)

43. The diagrams below show two blood vessels. Use them to answer questions that follow.

- (a) Give two structural differences between blood vessels A and B.
- (i) _____
- (ii) _____
- (b) State any one unhealthy habit that can lower the proper functioning of the blood vessel A.
- _____

- (c) Give any one disease that affects the circulatory system.
- _____

44. Complete the table below.

Organism	Larva stage	Breeding place
(i)	grub	Hive
Housefly	(ii)	Moist places
Mosquito	Wiggler	(iii)
(iv)	Caterpillar	Beneath leaves

45. (a) Give the type of change that occurs in each of these activities:
- (i) preserving food using a refrigerator

- (ii) adding iron to the soil

(b) Identify any two examples of biological changes in animals.

(i)

(ii)

46. The diagram below shows a simple machine used at school. Use it to answer questions that follow.

(a) Name the simple machine shown above.

(b) Give any one activity done at school with the help of the above simple machine.

(c) State any one factor that can affect the efficiency of the above machine.

(d) Calculate the effort needed to raise the load of 50kgf using the above machine.

47. Match the following animals with their product.

Animal	Product
Rabbit	Hide
Goat	Fur
Pigs	Mohair
Cows	Bristle hair

(i) Rabbits _____
(ii) Goats _____
(iii) Pigs _____
(iv) Cows _____

48. (a) Give the health concerns solved by the following activities.

- (i) Regular counseling and guiding of pupils _____
(ii) Harvesting rain water _____

(b) Give one reason for carrying out each of the following in the community.

- (i) a health survey _____
(ii) demography _____

49. The diagram below shows two charcoal stoves. Use it to answer questions that follow.

- (a) Give one advantage of using stove P over stove R when cooking.
- (b) How is the use of charcoal stove R when cooking unfriendly to the environment?
- (c) Give two ways of saving charcoal at home.
- (i) _____
- (ii) _____
50. Janet's daughter has sunken eyes, dry lips and passes out little urine. In four steps, explain how you would prepare a solution locally to treat Janet's daughter.
- (i) _____
- (ii) _____
- (iii) _____
- (iv) _____

-10-

51. Give one role of each of the following reproductive parts in human being.

(i) Testis

(ii) Womb

(iii) Epididymis

(iv) Ovary

52. The diagrams below show two types of stems. Study them carefully and use them to answer questions that follow.

(a) Identify the types of stems marked A and B.

(i) A _____

(ii) B _____

(b) State the importance of the part of the stem marked M.

(c) Give any one use stems to plants.

53. An object of mass 48g was lowered gently into a measuring cylinder.

The level of water in measuring cylinder rose from 9cc to 17cc.

(a) Find the volume of the above object. (2mks)

(b) Calculate the density of the above object. (2mks)

54. (a) Name the device used by traffic police to detect a driver who has taken alcohol.

(b) Give any one method of making alcohol.

(c) Mention any two effects of alcoholism to the family.

(i)

(ii)

55. (a) Give any two products we get from a beehive.

(i)

(ii)

(b) Identify one role of each of these bees in a hive.

(i) a drone bee

(ii) a queen bee

END

1 - 5		
6-10		
11-15		
16-20		
21-22		
23-24		
25-28		
29-30		
31-32		
TOTAL		

1. This paper has two sections A and B.
2. Section A, has 20 short questions (40mks)
3. Section B has 12 questions (60marks)
4. Answer all questions.
5. All answers to all questions must be written in the space provided.
6. All answers must be written using blue or black ball pen or *ink*.
7. Unnecessary crossing of work will lead to loss of marks.
8. Any handwriting that cannot easily be read may lead to loss of marks.
9. Do not fill anything in the boxes indicated "FOR EXAMINER'S USE ONLY"

Turn Over

SECTION: A

1. Work out: $40 \div 4$	2. Given that $Q = \{2, x, 7, d, 3\}$ and $P = \{5, a, 4, x, 6, c, d\}$ Find $n(P \cap Q)$
3. Write in figures "Two thousand twenty -four"	4. Find the next two numbers in the sequence below. 4, 6, 8, _____, 10, _____
5. Work out: $-6 - -4$	6. A school has a total of 600 pupils, if there are 360 boys. Find the ratio of girls to boys.
7. The time shown on a clock face in a classroom is 10:15 a.m. What time will it be after 2 hours 30 minutes?	

8. Solve: $P + \frac{1}{5}P = 6$

9. A trader sold a bag of coffee at sh. 600,000 making a loss of sh. 120,000. What was the cost price of the bag of coffee?

10. The diagram given below is a cylinder. Find the value of h in cm.

$$(3h - 7\text{cm})$$

$$(2h - 3\text{cm})$$

11. Using a ruler, a pencil and a pair of compasses only, construct the complementary angle of 60° .

12. Find the mean of $5, 7x, 6$ and $x - 3$

13. Given that 8 books cost Sh. 4000. Find the number of books one can buy with sh. 10,000.

14. A box weighs 36kg when full of curry powder and it weighs 6000g when empty. Find the weight of curry powder in grams.

15. The diagram below is a triangular prism. Find its base area.

16. Express 45 seconds as a percentage of 3 minutes.

17. The diagram below is divided into equal parts.
Find the fraction of the diagram not shaded

18. In the diagram below $\angle A$ to $\angle C$. Find the value of angle marked y .

19. Work out: $111_{\text{three}} + 121_{\text{three}}$

20. Musa had $\frac{2}{3}$ of his sugarcane, he gave $\frac{1}{2}$ of it to his friend. What fraction did he remain with?

SECTION: B (60 Marks)

21. Anita sold a dress at shs. 60,000 to Grace, she realised a loss of sh. 20,000.

(a) Calculate Anita's percentage loss.

(3mks)

(b) If Grace sold the same dress to Nantudu at a profit of 15%. How much did Nantudu pay for the dress? (3mks)

22. In a class of 50 pupils, 30 pupils like Mathematics (M), 20 pupils like both Mathematics and English (E). 3k like English only whereas k like none of the two subjects.

(a) Use the information to complete the Venn diagram below. (3mks)

$$n(E) = 50$$

(b) Given that the number of pupils who do not like Mathematics at all is 20. Find the value of k.

23. (a) Construct a parallelogram NARO in which $NA = 8\text{cm}$, $\angle NAR = 120^\circ$ and $\overline{AR} = 5\text{cm}$.
(4mks)

(b) Measure diagonal $\overline{NR} = \underline{\hspace{2cm}}$ (1mks)

24. A wire of total length 60m was used to make the Edges of the cuboid below.
(a) Find the value of h. (3mks)

24. (b) Calculate the area of the shaded face. (2mks)

25. The sum of five consecutive odd numbers is 35. If the middle number is p. Find the middle number. (4mks)

26. Tom takes 6 days to clear a piece of garden, Stephen takes 12 days to clear the same piece of garden.
(a) If both are employed to work together at the same rate, how many days will they take to clear the same piece of garden? (3mks)

(b) What fraction of the garden will remain if both work for 3 days? (2mks)

27. Study the figure below and use it to answer the questions about it.

(a) Find the value of x .

(2mks)

(b) Calculate the size of angle PRQ.

(3mks)

<p>28. Mpuuga travelled from Kampala to Masaka at a speed of 60km/h in 3 hours. He then rested at Masaka for an hour and continued to Mbarara at a distance of 130km in 4 hours.</p> <p>(a) Calculate his average speed for the whole journey. (3mks)</p>	<p>(b) If his car used 5 litres of petrol for every 10km. how many litres of petrol did he use from Masaka to Mbarara? (2mks)</p>
<p>29. Given 1245 is a number</p> <p>(a) Write the number in words. (1mk)</p> <p>(b) Expand the number using place values. (2mks)</p>	

(d) Express the number in standard form. (2mks)

30. (a) Given that $p = 2$, $q = 4$ and $r = 3$. Find the value of $pq - r$. (2mks)

(b) Solve for a : $4(3 - a) - (8 - a) = 7$. (3mks)

31. The table below shows the number of mangoes collected by pupils of Ssenyange Education Centre from their garden.

Mangoes per collection	35	50	70	80	90
No. of pupils	2	2	3	1	2

(a) How many pupils collected mangoes from the garden? (1mk)

(b) Find the range of mangoes collected. (1mk)

(c) Calculate the average number of mangoes collected. (3mks)

32. Below is the co-ordinate graph. Use it to plot the points (4mks)
 $P (-3, 2)$, $M(2, 2)$, $R (2, -3)$, $Q (-4, -3)$

(b) Join P to M to R to Q to P . (1mk)

(c) Name the figure formed. (1mk)

27. Give any one importance of child protection in an area.
28. How is the Uganda national flag treated when a national mourning is declared in Uganda?
29. Mention the body that was formed to make laws during colonial period in Uganda.
30. State any one difference between Madagascar Island and Sao Tome and Principe in terms of latitudinal location.
31. Why did Arabs move in Caravans during Trans-Saharan trade?
32. Give any one consequence of swamp drainage in the environment.
33. How can the government of Uganda control cattle rustling amongst pastoral tribes?
34. What is an economic bloc?
35. State any one effect of domestic violence in the society.

For questions 36 – 40, answer Either Christianity OR Islam but not both.

36. **Either:** Give the meaning of the term parable.

OR: Give the meaning of the term Hadith.

37. **Either:** How did the first Christian martyr in the Bible meet his death?

OR: How did the first Muslim martyr meet her death?

38. **Either:** Name any one Prophet who appeared to Jesus Christ during transfiguration.

Or: Name the Angel who gave the first revelation to Prophet Muhammad.

39. **Either:** Why is Canaan an important place in Christianity?

Or: Why is Mecca an important city in Islam?

40. **Either:** Mention any one unusual thing that Jesus did on River Galilee.

Or: Mention any one miracle performed by Prophet Muhammad.

SECTION: B

41. (a) Give any two ways of preserving culture in our societies.

(i)

(ii)

(b) State any two reasons why African culture is declining in different communities today.

(i)

(ii)

42. (a) Which group of people were interested in finding the sea route to India?

(b) State any two positive effects of the above group of people at the coast of East Africa.

(i)

(ii)

(c) Name one item of trade which the above people wanted from India.

43. (a) Why is subsistence farming commonly practiced in Uganda?
(b) Give one reason why subsistence farming leads to low development.

(c) Give any two problems faced by farmers in Uganda.

(i)

(ii)

44. Use the map below to answer questions that follow.

(a) Name the river marked B.

(b) Why does river A, carry a large volume of water to the ocean?

- (c) What process led to formation of mountain marked T?
- (d) Use letter P to show the position of the Mediterranean Sea on the map.
45. (a) Name the major tourist attraction found in Ngamba Island sanctuary.
- (b) State any two ways lodges promote tourism in East Africa.
- (i) _____
- (ii) _____
- (c) How does tourism support the craft industry in East Africa?
46. (a) Complete the table below correctly.
- | Raw material | Product |
|--------------|--------------|
| Tobacco | insecticides |
| Wattle trees | spices |
47. (a) Name the country where the headquarters of East African Community are found.
- (b) State any one role of the secretariat to the East African Community.
- (c) Give any two challenges faced by the East African Community.
- (i) _____
- (ii) _____
48. (a) Give the meaning of the term Great Trek.
- (b) State any one cause of the Great Trek.

- (c) Which group of Europeans caused the Great Trek?
- (d) How did the Great Trek affect the Bushmen?

49. Use the map below to answer questions that follow.

- (a) Name the town marked Q.
- (b) Give any one reason why the railway line marked C was constructed.
- (c) Mention any one problem faced by the builders of the above railway line.

(d) How was Colonel Patterson helpful during the construction of Uganda railway?

50. (a) Give any one difference between the Mau Mau rebellion and Maji Maji rebellion.

(b) State any two causes of Mau Mau rebellion.

(i)

(ii)

(c) Why was Mau Mau rebellion the most deadly rebellion in Kenya?

For each of the questions 51 to 55, answer Either Christianity OR Islam but not both.

51. Either:

(a) Give any two ways Israelites suffered while in Egypt.

(i)

(ii)

(b) Mention any two punishments God gave to Egyptians for mistreating Israelites.

(i)

(ii)

OR:

(a) Give any two ways Ban-Israel suffered while in Mairi.

(i)

(ii)

(b) Mention any two punishments Allah gave to Egyptians for mistreating Ban-Israel.

(i) _____

(ii) _____

52. Either:

(a) What is reconciliation?

(b) State any the traditional way of reconciliation.

(c) Mention any two importance of reconciliation.

(i) _____

(ii) _____

OR:

(a) What is reconciliation?

(b) State any one traditional way of reconciliation.

(c) Mention any one importance of reconciliation.

53. Either:

Match list A with list B correctly.

Mountain	Event
Horeb	Abraham took Isaac for sacrifice
Morriah	Moses received the Ten Commandments
Olives	Moses saw a burning bush
Sinai	Jesus ascended to heaven

Horeb	_____
Morriah	_____
Olives	_____
Sinai	_____

OR:

Watch list A with list B correctly.

Sites	Event
Zam-zam well	Ibrahim took Ismail for sacrifice
Cave of Hira	Hajara got drinking water for her son
Mt. Arafat	Hajara ran looking for water for her son
Marwa and Safa	Muhammad received his first revelation

Zam-zam well	_____
Cave of Hira	_____
Mt. Arafat	_____
Marwa and Safa	_____

54. Either:

- (a) Mention the two greatest commandments as summarized by Jesus Christ.
- (i) _____
- (ii) _____
- (b) Give any two reasons why Christians should obey God's commandments.
- (i) _____
- (ii) _____

OR:

- (a) Mention any two pillars of Imaan/faith.

(i) _____

(ii) _____

- (b) How are the pillars important to Muslims (Give two).

(i) _____

(ii) _____

55. For Both:

- (a) Why is marriage called a social institution?

(b) State any two reasons why it is important for adults to marry.

(i) _____

(ii) _____

- (c) Mention any one factor one has to consider when choosing a marriage partner.

END

50. If the carpenter comes, he will repair these chairs. (Begin: Had.....)

SECTION: B

51. **Study the passage below and answer the questions that follow.**

Last term, our teacher of English taught us about Electronic media. Mr. Bongole Edward said that a radio, a television, a computer and others are some of the devices used in Electronic media. He explained that they are called **electronic** because they need electricity to **operate**.

The teacher also told us that the commonest electronic media are a radio and a television. They are the commonest because almost all homes in Uganda have them. The disadvantage with television is that one has to pay subscription fee in order to access channels.

"Every home needs to have either a radio or a television so as to get information about what is happening in the country," said the teacher. At the end of the lesson, Samson, our class captain inquired of the teacher if it was okay for them to carry mobile phones to school. The answer was positive and that made the whole class very happy. It was an interesting lesson.

Questions

- What is the passage about?

- When did the class learn about electronic media?

- Who taught the class electronic media?

- Why is a radio called an electronic device?

- (e) What are the commonest electronic media in Uganda?

- (f) Why do you think every home should have a radio?

- (g) Write another word to mean the same as operate as used in the story.

- (h) Why is a radio and a television called the commonest media?

- (i) Why do you think the whole class was very happy at the end of the lesson?

- (j) Suggest a suitable title to the story.

52. Study the information below carefully and answer the questions about it in full sentences.

FEBRUARY 2024

Mon.	Tue.	Wed.	Thur.	Fri.	Sat.	Sun.
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23	24	25
26	27	28	29			

Questions

- (a) What do we call the above information?

(b) How many days are in the above information?

(c) Which month is shown above?

(d) On which day did the above month begin?

(e) How many Sundays are shown in the month above?

(f) In which year do you think this information was used?

(g) When did the above month end?

(h) Write one importance of the above information to a school child.

(i) How many full weeks does the above month have?

(j) Which month comes immediately after the one shown in the information?

53. Below is a dialogue between two friends who study from different schools. Study it and complete it by writing the suitable responses.

Tinah: Good evening, Bob

Bob:

Tinah: When did you break up for your holidays?

Bob:

Tinah: That means you broke up just a day after us.

Bob:

Tinah: I am going to spend my holidays at my uncle's place in Jinja.

Bob:

Tinah: Yes, I have made a holiday plan.

Bob:

Tinah: I will help my uncle with farm activities.

Bob:

Tinah: Yes, my uncle has a farm.

Bob:

Tinah: He keeps animals like cows and goats.

Bob:

Tinah: No, unfortunately I don't know how to milk cows?

Bob:

Tinah: Thank you, Bob. I also wish you nice holidays.

Bob:

54. Study the poem below carefully and in full sentences, answer the questions that follow.

A MECHANIC

Where is my toolbox?

I need a spanner and a screwdriver

To repair the three vehicles

The customer needs them urgently

A toolbox is my bank

Where did I leave it?

Where is my toolbox?

Could it be in the garage?

Without it, I cannot do any work

I use the spanner to tighten nuts

The screwdriver for loosening screws

I need my toolbox!

Where is my toolbox?

Yes, here it is in the garage

I am now very ready for work I love my job very much

Because I earn a lot from it
